MORNING MEETING ACTION ITEM

TO: Legislative Counsel

Maury reported that Jim Lowenstein and Dick Moose of the Senate Foreign Relations Committee Staff are scheduled to take a trip to Vietnam to examine the state of pacification, Vietnamization, and the general political situation. Maury indicated we will advise them that our business no longer includes pacification and does not involve us in Vietnamization but that we will be prepared to provide an intelligence appraisal of the situation in Vietnam. The Director asked to see the cable of guidance to COS, Saigon before it is sent.
